The cards are filed by the areas in which the homes are located, thus helping campaigners.

Hospital Drive Sets Up Postal Filing System

In order to expedite the handling of cards for solicitors in the Little Company of Mary Hospital campaign, a postal filing system for sorting cards according to streets and numbers has been set up at their headquarters, 1728 Andree Ave.

On a loan from Torrance's main post office, three cardboard section boxes, designed with small, pigeon-like openings was arranged at the headquarters Monday, by Andrew Rabel, 21104 LaSalle St., a postal clerk at the Torrance Post Office annex.

The extra boxes are used during the Christmas rush at the local post office.

In sorting cards to be picked up by the solicitors, the same system will be used when sorting postal mail. Cards will be arranged according to streets and numbers rather than in alphabetical order according to name. In this way, the work of a solicitor will be speeded up as the cards will be arranged according to street and block numbers.

Work of solicitation and industrial gifts is being intensified in order to meet the April 1 deadline for \$547,386 to qualify for the federal and state allocations.
